Dear Wallace,

Agel is a friend who has a friend on NY Newsday he has been trying to interest in an expose of the Posner book. I mention^{ed} your paper to him but when he discloses this kind of contact with Lattimer I am not sending him a copy until I learn more. If you want no delay in his having a copy he is at 2 Peter Cooper Road, NYC 2'10010.

He also coauthored one of the nuttier books, 22 Dires. And he believed it!

Nice guy, though.

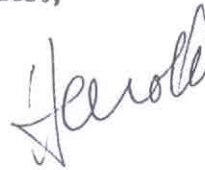

Meanwhile, Lattimer and you will be in direct communication.

If you hear anything, I am indeed interested!

I think I'll mention this to a friend on the Wash. Post.

It could make a real scandal.

Best,
